

Research topics for international student traineeship at FFTB (2023/24)

Project title	Department	Researcher	Contact
Effects of different temperature regimes on host-pathogen dynamics in freshwater ecosystems	Laboratory for Biology and Microbial Genetics http://www.pbf.unizg.hr/en/departments/department_of_biochemical_engineering/laboratory_for_biology_and_microbial_genetics	Assoc. Prof. Ana Bielen , Ph.D.	abielen@pbf.unizg.hr
Development of edible films with natural compounds	Laboratory for Food Packaging http://www.pbf.unizg.hr/en/departments/department_of_food_engineering/laboratory_for_food_packaging	Assoc. Prof. Mia Kurek , Ph.D.	mkurek@pbf.unizg.hr
Shelf-life of food coated with edible coatings	Laboratory for Food Packaging http://www.pbf.unizg.hr/en/departments/department_of_food_engineering/laboratory_for_food_packaging	Assoc. Prof. Mario Šćetar , Ph.D.	mscetar@pbf.unizg.hr
