Dear Mme Paić,

I hope this message reaches you in good spirits. With great pleasure, I invite you to join us at the Centre for Molecular Biophysics (CBM, CNRS) in Orléans for a two-month collaborative research stay, starting in March 2025, as part of the croESTRO project.

Our shared research interests make this collaboration an exciting opportunity for mutual learning and enhancing the partnership between our team and the croESTRO group. Your expertise would significantly enrich our ongoing projects.

I eagerly look forward to welcoming you to our laboratory and exploring the possibilities our collaboration can bring.

Kind regards,

Béatrice Vallée, PhD
